Professional Summary

Motivated BSc (Hons) Computing student with hands-on experience in software development, web technologies, and full-stack application development. Proficient in Java, Python, JavaScript, TypeScript, React, Next.js, Node.js, and SQL, with knowledge of cloud computing. Experienced in building production-grade applications with clean architecture, real-time features, and cloud-native deployment. Strong in object-oriented programming and problem-solving, seeking internship opportunities.

EDUCATION

Islington College — BSc (Hons) Computing (2024– 2027)

- Relevant coursework: Information Systems, Advance Programming, Smart Data Discovery, Cloud & IOT, Databases, Software Engineering

Bagmati College (+2) — Management Stream with Computer Science (2022 – 2024)

- Relevant coursework: C Program, Flowchart and Algorithms, Lab work, Network and Security

Bagmati School (SEE) (2014 – 2022)

- Relevant coursework: Math, Science, Account, Social Studies

PROJECTS

TalentBridge — Job Portal Platform

Full Stack (React + Node.js + PostgreSQL + Socket.io)

- A full-stack job portal platform connecting job seekers with employers through real-time messaging, job posting, application tracking, and an admin dashboard. Features include JWT authentication, real-time notifications, social feed, and employer verification.

CineBook — Online Movie Ticket Booking System

Full Stack (Java JSP/Servlets + MySQL)

- A web-based movie ticket booking system with interactive seat selection, dual payment gateway support (Khalti + eSewa), PDF ticket generation, and an admin dashboard for managing movies, showtimes, and bookings.

Chat App — Real-Time Messaging Platform (Live)

Full Stack (Next.js + TypeScript + Node.js + PostgreSQL + Socket.io)

- A feature-rich real-time messaging platform with passwordless OTP login, Google OAuth, group chats, emoji reactions, read receipts, typing indicators, and message deletion.

EXPERIENCE

Underwriting Intern Rastriya Jeevan Beema Company Limited, Kathmandu (2024 July - August)

Assisted in evaluating insurance applications under the supervision of senior underwriters

SKILLS

Languages & Concepts

- Java: OOP, JSP/Servlets, JDBC, MVC architecture, Session management, BCrypt password hashing, iText PDF generation, Jakarta Servlets, Maven build tool, Java EE components, GUI development (Swing/JavaFX)
- Python: Data structures, scripting, Flask backend development
- JavaScript/TypeScript: React, Next.js, Node.js, Express
- SQL (PostgreSQL, MySQL): Database design, ER modeling, joins, normalization, Prisma ORM
- CSS: Tailwind CSS, Responsive design, Flexbox/Grid layouts
- C: Structured programming, File Handler, Pointers, OOP

Tools & Frameworks

- Frontend: React, Next.js, TypeScript, Tailwind CSS, HTML5, Vanilla JavaScript
- Backend: Node.js, Express, Python Flask, Java JSP/Servlets, JDBC

- Database: PostgreSQL, MySQL, Prisma ORM
- Cloud & DevOps: AWS, Vercel, Render, Neon, Git, GitHub, Linux/UNIX
- Design: Figma, UI/UX Design, System Design, Architecture Diagrams
- Others: Socket.io, WebSocket, REST APIs, Maven, Apache Tomcat, BCrypt, JWT

SOFT SKILLS

- Problem Solving, Communication, Time Management, Adaptability, Team Collaboration

Languages

- English, Nepali

CERTIFICATION

- AWS Cloud Foundations - AWS Academy Graduate
- AWS Machine Learning Foundations - AWS Academy Graduate
- AWS Machine Learning for Natural Language Processing - AWS Academy Graduate
- AWS Data Engineering Foundations - AWS Academy Graduate
- AWS Generative AI Foundations - AWS Academy Graduate
- Java Object-Oriented Programming - LinkedIn Learning
- UI/UX with Figma Certification
